

New Edition

Announcing the upcoming publication of the **ITLS Military 2nd Edition**

The demands and limitations of providing effective trauma care in a combat situation necessitate special adaptations of trauma assessment and treatment used in the civilian medical system.

Train in military casualty care with the all-new ITLS Military 2nd Edition:

- Combines the fundamentals of ITLS trauma assessment and treatment with recent military innovations utilized in the world's current war zones
- Adapts proven techniques taught in the civilian ITLS course to the military environment where limited resources are the rule, not the exception
- Developed by military medical providers from medics to physicians, incorporating their recent combat experiences
- Accompanied by dedicated ITLS Military slides, instructor guide, and exams

Pre-order at ITRAUMA.org/books

Public: **\$50** (1-4 books)
 \$47 (5+ books)
Chapter: **\$44** per book

EXPECTED PUBLICATION DATE OF DECEMBER 23, 2013

Make ITLS Military *your* training resource for military medics:

Learn the tools necessary to be an effective medical provider in a hostile environment

Succeed in providing trauma care to your fellow soliders

Take every opportunity to train like you fight
