

2013 DELEGATE BOOK

Improving Trauma Care Worldwide

INTERNATIONAL TRAUMA LIFE SUPPORT

2013 International Congress Business Session - Saturday, November 9

Agenda

- I. Call to Order Vickey Lewis, RN, BSN, CEN, EMT
- II. Review of the Agenda
- III. Introduction of Standing Rules
- Adoption by Delegates
- IV. Nominating Committee Report Peter Macintyre, ACP
- V. Nominations from the Floor
- VI. Introduction of Candidates Mr. Macintyre
- VII. Candidate Statements
- VIII. Welcome New Chapters & Training
Centres Sabina Braithwaite, MD, FACEP
- IX. Highlights of the Year Dr. Braithwaite
- X. Preview of 2014 ITLS Asia Conference Youta Kanesaki, EMT-P
- XI. Announcement of 2014 Congress
Dates and Site
- XII. Election of Board Members
- XIII. Introduction of New Board
Members
- XII. Adjournment

Improving Trauma Care Worldwide

STANDING RULES AND FLOOR LAYOUT

**INTERNATIONALTRAUMA LIFE SUPPORT
International Trauma Conference 2013**

**Business Session
STANDING RULES**

Rules Relating to Credentials

- 1) All delegates and alternates shall register at the Credentials desk during published credentialing times.
- 2) Voting members shall wear the badge identifying them as voting members of the conference before being seated in the section designated for voting members.
- 3) The Credentials Committee shall present a report indicating the number of voting delegates present prior to voting.
- 4) Each voting member shall be issued a voting card; this card may not be transferred.
- 5) If a voting member leaves the section designated for voting members for any reason, he or she shall notify the Credentials desk and forfeit the voting card.

When the voting member returns, the Credentials staff shall reissue the voting card.

Discussion Process

- 6) Only voting members may speak to any issue. Others may be granted permission to speak by the assembly by a two-thirds (2/3) vote without debate.
- 7) The two microphones shall be designated as pro and con. Those who are not debating pro or con (such as making an amendment) may use either microphone.
- 8) Any voting member wishing to make a motion, to speak on any issue, or otherwise address the assembly shall go to the microphone. After being recognized by the presiding officer, he or she shall clearly state his or her name and chapter.
- 9) No voting member shall speak in debate more than once on the same motion, not longer than three (3) minutes, without permission of the assembly granted by a two-thirds (2/3) vote without debate.
- 10) If two people have spoken in favor or against any motion and no one wishes to speak to the opposing view, discussion shall automatically be closed.
- 11) If requested by the presiding officer, the maker of the motion shall submit the motion in writing.

Board Nominations and Elections

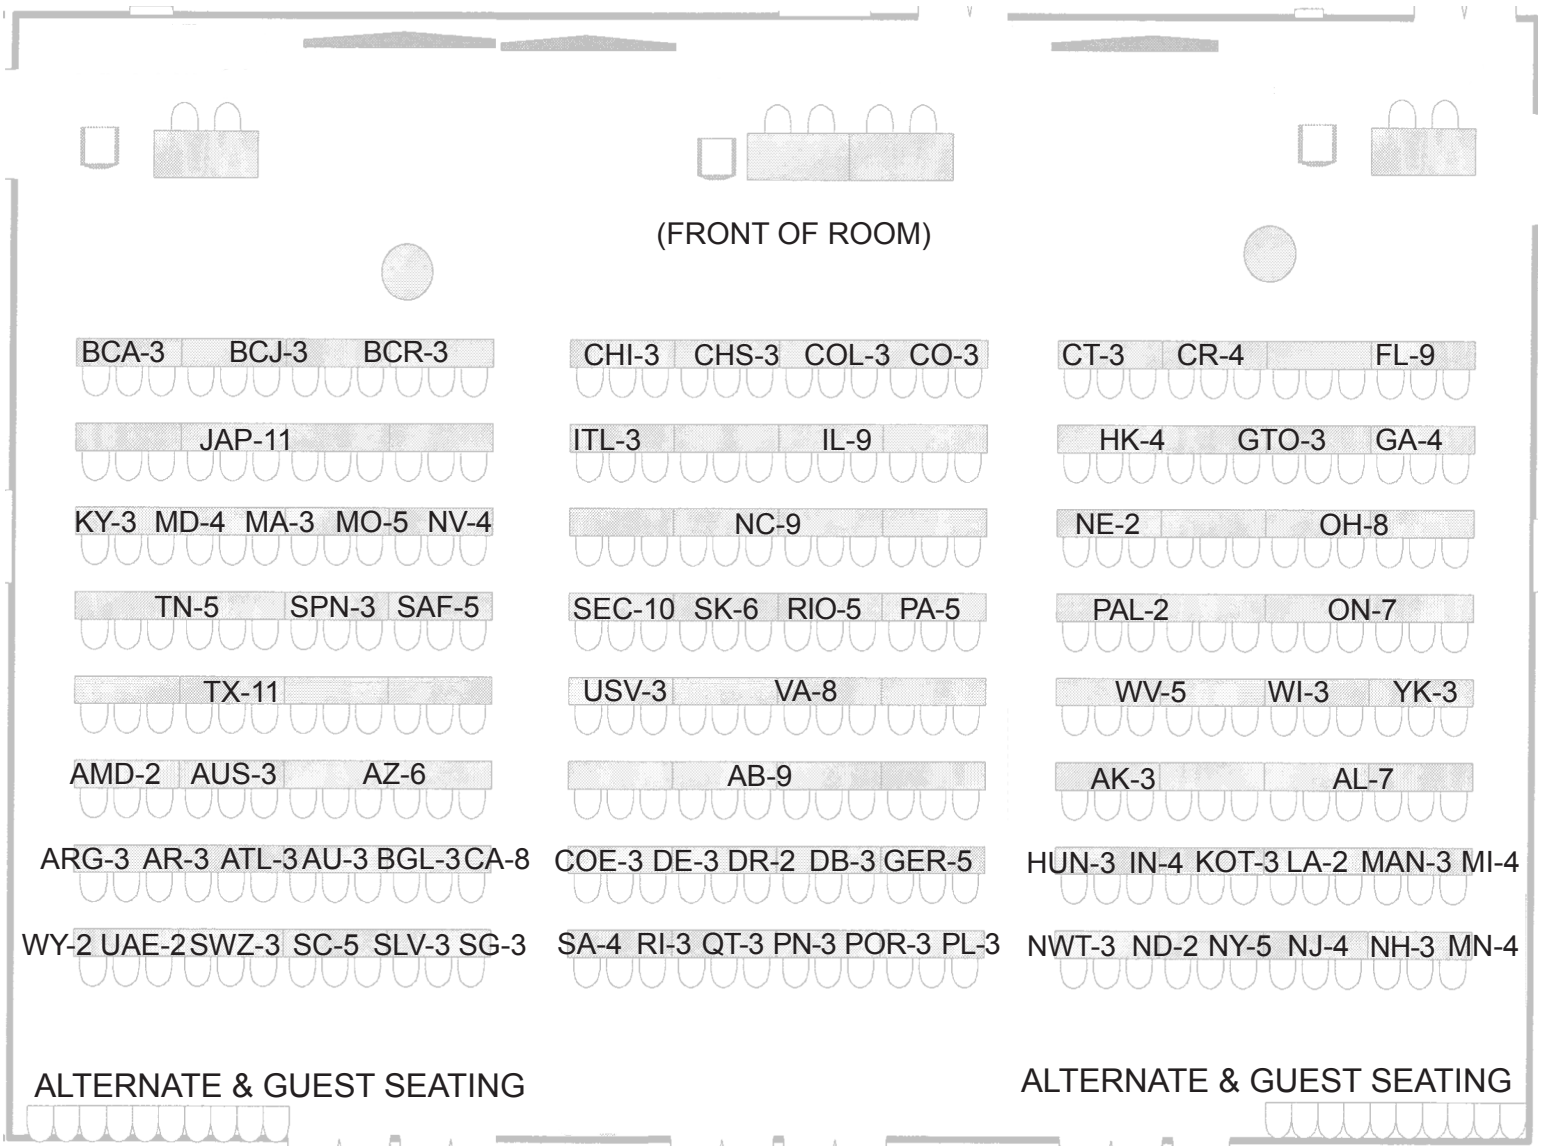

- 12) The Nominating Committee shall report at the business session on Saturday, November 9. After the report of the committee, there shall be an opportunity for nominations from the floor.
- 13) After nominations are closed, each nominee shall have five minutes to make a presentation to the delegates using whatever format they choose.
- 14) If a candidate cannot attend the interview session, the following procedure will be followed:
 - a) The candidate must notify the Chair of the Nominating Committee or his/her designee of his/her inability to attend.
 - b) During the presentation of the candidates, the Chair will notify the voting members that the candidate cannot attend and his/her explanation.
 - c) The absent candidate will have the opportunity to prepare a statement regarding the absence and his/her intention to run with additional information.
 - d) The Chair will read the statement from the absent candidate not to exceed the time period allotted for the candidates (i.e., five minutes.)
- 15) The election shall occur at the business meeting on Saturday, November 9.

INFORMATION RELATING TO THE STANDING RULES

The following procedural information is found in Robert's Rules of Order Newly Revised, the adopted parliamentary authority of International Trauma Life Support.

- 1) It requires two-thirds (2/3) vote to initially adopt the standing rules as a group. Any member may request that any specific rules be voted on separately. The vote required for adopting an individual rule depends on the nature of the rule.
- 2) Any standing rule can be suspended for a particular specified purpose by a majority vote. *Example: If the assembly wishes to extend the debate time on a particular issue, the rule regarding debate may be suspended to allow an additional amount of time or a certain number of additional speakers, etc.*
- 3) Any standing rule can be rescinded or amended by a two-thirds (2/3) vote. If a standing rule is rescinded, then the parliamentary rule found in Robert's Rules of Order Newly Revised is in effect. *Example: If the rule regarding the number of speeches and time limit on speeches is rescinded, then the rule in the parliamentary authority is in effect; this rule is that each member may debate twice for ten minutes each time on each debatable issue.*

INTERNATIONAL TRAUMA LIFE SUPPORT

2012 International Congress Business Session

Minutes

The business meeting of the 2012 International Trauma Conference of International Trauma Life Support (ITLS) was called to order by Speaker Vickey Lewis, RN, BSN, CEN, EMT, on Friday, November 9. Business was conducted in two sessions on November 9 and November 11. At the time of voting on November 11, there were 126 voting delegates present. These minutes reflect actions taken at both meetings not necessarily in chronological order.

I. Approval of Minutes

Upon a motion duly made and seconded, the minutes of the 2011 International Trauma Conference business meeting were approved.

II. Introduction of Standing Rules

Ms. Lewis reviewed the Standing Rules for the 2012 meeting. Following review,

**It was MOVED THAT THE STANDING
RULES BE ADOPTED.
The motion was adopted.**

III. Nominating Committee Report

Nominating Committee Chair Tony Connelly, EMT-P, BHSc, PGCEd, presented the 2012 Board candidates to the delegates. They were:

- Jonathan Epstein, MEMS, NREMT-P
- MaryAnn Forrester, BSN, RN, NREMT-P, EMSI
- Pete Gianas, MD
- John Mohler, RN
- Elsabe Nel, MD

Mr. Connelly presented the candidates for Speaker and Vice Speaker:

- Speaker – Ms. Lewis
- Vice Speaker – William Moore, MD, FACEP (in absentia)
Jeff Gilliard, NREMT-P, CCEMT-P, FPM, BS

IV. Floor Nominations

Ms. Lewis opened the floor for nominations. There were none.

V. Introduction of Candidates

Mr. Connelly introduced the Board candidates in reverse alphabetical order to the delegates. Each candidate was given time to introduce themselves and their reasons for seeking a Board position.

Mr. Connelly also introduced the Speaker and Vice Speaker candidates to the delegates.

VI. Highlights of the Year

Board Chair Sabina Braithwaite, MD, FACEP provided the annual report to the delegates. She highlighted the year's accomplishments and showed a video celebrating ITLS' 30th anniversary. She also welcomed all of the first time attendees to the conference and the new chapters and training centres in attendance. A video highlighting the new ITLS programs was shown.

VII. British Columbia ITLS Preview of 2013

Representatives of the British Columbia chapters presented an overview of the 2013 conference that would be held in Vancouver, BC.

VII. Announcement of 2013 Congress Dates and Site

It was announced that the 2013 International Trauma Conference would be held November 7 – 9, 2013 at The Westin Bayshore Hotel, Vancouver, British Columbia, Canada.

IX. Election Results

The election of Board members was held using a secret ballot. Following balloting, the names of the newly elected Board members were announced: Mr. Epstein, Dr. Nel, and Dr. Gianas. Ms. Lewis was elected Speaker and Mr. Gilliard was elected Vice Speaker.

X. Adjournment

There being no further business, the meeting was adjourned at 1:30 pm on November 11.

Respectfully submitted,

Ginny Kennedy Palys

ITLS Board of Directors Report to the Delegates - 2013

Welcome from the Board of Directors

On behalf of the Board of Directors, I welcome you to the 31st annual business meeting of International Trauma Life Support. Whether this is your first year serving as a delegate, or your 31st, thank you for participating in the governance of our organization.

Strong and Growing Stronger

As we gather together for our annual meeting, it is time to reflect upon the accomplishments of the past year. ITLS has achieved much because of your support and dedication to trauma education and emergency trauma care.

ITLS ended 2012 with banner results for number of students trained and a positive financial bottom line. Approximately 33,000 students were trained in ITLS in 2012. ITLS continues to expand the number of its chapters and training centres chartered worldwide. ITLS now has 80 chapters and 11 training centres in 36 countries, on every continent except Antarctica. Courses have been taught in 33 additional countries.

In 2012, ITLS embarked on a project to revitalize its programs in the U.K. Since that effort began, one new program has been approved and four applications for chapter or training centre status are pending. To become a chapter or training centre, a new applicant must demonstrate the ability to effectively conduct ITLS courses and promote trauma education in their area.

In the last year, with some pending contingencies ITLS welcomed the following new chapters and training centres:

Chapters:

- Connecticut – Stamford EMS
- Portugal - CESPU
- British Columbia, Canada – College of the Rockies
- Prince Edward Island, Canada – Holland College
- Philippines – Prompt C.A.R.E.
-

Training Centres:

- Peru – Rescue SAC

- British Columbia, Canada – OHM Medical
- Maine – North East Mobile Health Services
- England – Medipro Training Centre

In 2013, ITLS courses have also been offered in the following locations:

- | | |
|--------------|----------------|
| • Angola | • Nigeria |
| • Chile | • Libya |
| • Congo | • Oregon, USA |
| • Costa Rica | • Russia |
| • Denmark | • Saudi Arabia |
| • Ecuador | • Tanzania |
| • Kazakhstan | • Utah, USA |
| • Malaysia | • West Indies |
| • Myanmar | • Zambia |

Educational Advancements

ITLS Military Manual

The 2nd edition of the ITLS Military manual will be released in December. The manual will be accompanied by new slides, instructor guide and exams. For consistency with other U.S. military courses, the ITLS certification period for the military course will be four years.

7e Instructor Update Online

At the request of numerous chapters, training centres and instructors, ITLS has kept the 7e Instructor Update Online open. All ITLS instructors are required to be updated before they teach a 7e course.

As of October 31, 2013, 5034 instructors have completed the update:

- 4219 instructors completed the update online in English
- 958 instructors completed a translated version of the update made available by their chapter or training centre

The ITLS chapters and training centres with most updated instructors are:

- Japan – 726
- Illinois – 310
- Ohio – 288
- North Carolina – 261

- Virginia – 229
- Alabama – 226
- Texas – 215
- Pennsylvania – 208
- Alberta – 170
- Florida - 137

All ITLS chapters and training centres are urged to encourage their instructors to take the Instructor Update Online if they want to continue to teach ITLS courses.

eTrauma

ITLS' online educational course was updated to the 7e in 2013. To date, more than 5,000 students have selected eTrauma as their flexible solution for ITLS certification. This includes several large EMS agencies in the United States, Canada, and the United Kingdom that have adopted eTrauma for their personnel.

ITLS chapters and training centres are encouraged to conduct Completer courses for students who have taken eTrauma and wish to become ITLS certified or recertified. Those students are eligible to become ITLS instructors if they meet the same criteria as in the in-person course.

New Instructor Course

A task force of the Editorial Board has been hard at work developing new instructor course materials. The materials are based on the competencies needed to effectively teach ITLS. Going forward, instructional modules will also be developed for course coordinators, medical directors and affiliate faculty.

ITLS Asia Conference – 2014

Last year, the Board of Directors established a Global Connections Task Force to examine ways ITLS can more effectively communicate with our growing worldwide network. Regional coordination and collaboration were agreed to be paramount in this effort.

We are happy to announce that the first ITLS Asia Conference will be held in Kobe, Japan on March 10 – 12, 2014. The conference will be hosted by the Japan chapter with the support of ITLS International. We hope that all of our Asian colleagues will attend the conference and experience the hospitality and excellent education offered by the Japan chapter.

ITLS Leadership

The ITLS Board of Directors' membership is:

ITLS founder John E. Campbell, MD, FACEP - President and permanent member of the Board
Sabina Braithwaite, MD, MPH, FACEP, NREMT-P (Texas, USA) – Chair
Neil Christen, MD, FACEP (Alabama, USA), Alabama ACEP Representative – Vice Chair
Jonathan Epstein, MEMS, NREMT-P (Massachusetts, USA) - Secretary Treasurer
Tony Connelly, EMT-P, BHSc, PGCEd. (Alberta, Canada) – Member at Large
Russell Bieniek, MD, FACEP (Pennsylvania, USA) – ACEP Representative
Amy Boise, NREMT-P (Arizona, USA)
Gianluca Ghiselli, MD (Italy)
Peter Gianas, MD (Florida, USA)
Youta Kanesaki, EMT-P (Japan)
Peter Macintyre, ACP (Ontario, Canada)
Elsabe Nel, MD (Alberta, Canada)

Three Board positions will be elected in 2013. The terms of Ms. Boise, Dr. Ghiselli and Mr. Connelly are expiring.

As you vote in the Board elections, I encourage you to examine each of the candidates for the qualities needed in a strong Board member. We need a Board that reflects the diversity of our organization and members who will work hard for the betterment of ITLS.

Honoring our Own

Each year ITLS recognizes excellence in several categories: the Dr. Ray Fowler Instructor of the Year award, the Pat Gandy, RN, Coordinator of the Year award, the Harvey Grant Access award and the Dr. John Campbell Medical Director award. Unfortunately, we do not receive nominations every year for every award. As you teach ITLS in the coming year, I encourage you to identify those individuals who should be honored by ITLS for their service to our organization, our students and the patients we serve.

Get Involved

ITLS has a robust array of committees in need of members who want to contribute to the organization. Each committee is charged by the Board with a mandate of expected accomplishments during the year. Members are required to actively participate on committee conference call and projects during the year. The 2013 ITLS committees are:

- Access
- Bylaws
- Chapter Support
- Communications
- Conference Planning
- Editorial Board
- Finance
- Global Development
- Nominating
- Military

We thank the committee chairs and members for their significant contributions to promote the mission of ITLS.

Applications for 2014 committee appointments are now available online at ITRAUMA.org. Completed applications must be submitted electronically to the ITLS office by January 6, 2014. Committee appointments will be announced by mid-February 2014.

Thank You

We thank our chapters, training centres and the ITLS community for your continued support and commitment to trauma education and prevention.

Board of Directors
International Trauma Life Support

INDEPENDENT AUDITORS' REPORT

We have audited the accompanying financial statements of the INTERNATIONAL TRAUMA LIFE SUPPORT (a nonprofit Organization) which comprise the statement of financial position as of December 31, 2012 and 2011, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

As explained in Note 1 to the financial statements, the INTERNATIONAL TRAUMA LIFE SUPPORT has elected not to adopt the provision of Statement of Financial Accounting Standards No. ASC 958-605-25-16, formerly FASB No. 116, requiring that the value of donated services be recognized in the financial statements. Accounting principles generally accepted in the United States require that such donated services be credited to support and charged to expense. It was not practical to determine the effects of the unrecorded donated services on the financial statements.

Qualified Opinion

In our opinion, except for the effects of the matter described in the Basis for Opinion paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the INTERNATIONAL TRAUMA LIFE SUPPORT as of December 31, 2012 and 2011, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule of program service expenses on Schedule 1 and schedule of supporting service expenses on Schedule 2 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

INTERNATIONAL TRAUMA LIFE SUPPORT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

Exhibit D

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

International Trauma Life Support is a nonprofit organization incorporated under the laws of the State of Alabama. Its purpose is to operate an educational organization for the teaching of trauma care.

Basis of Accounting

The records are kept on the accrual basis of accounting.

Basis of Presentation

Financial statement presentation follows the recommendation of the Financial Accounting Standards Board (FASB) and its Statement of Financial Accounting Standards (SFAS) No. ASC 958-205-05, formerly No. 117, Financial Statements of Not-for Profit Organizations. Under those provisions, net assets and revenue, gains and losses are classified based on the absence or existence and nature of grantor-imposed restrictions as follows:

- * Unrestricted net assets-Net assets that are not subject to grantor-imposed stipulations.
- * Temporarily restricted net assets-Net assets subject to grantor-imposed stipulations, that can be fulfilled by actions of the Organization pursuant to those stipulations or that expire by the passage of time.

Revenue Recognition

Income from the sale of course materials and novelties are recognized at the time of the sale while income from program fees are recognized when received. Grant income is recognized when the funds are expended.

Cash and Cash Equivalents

Cash and cash equivalents is defined as cash in bank and cash on hand excluding mutual funds and other short-term investments.

Land, Building and Equipment

Land, building and equipment are stated at cost less accumulated depreciation. Acquisitions in excess of \$3,000 are generally capitalized. Depreciation is provided using straight-line and accelerated methods over the estimated useful lives of the assets. Depreciation expense for the year ended December 31, 2012 totaled \$3,250 as compared to \$6,992 for 2011. None of the property owned by the Organization is pledged or subject to a lien.

Inventory

Inventory is valued at the lower of cost or market, using the first-in, first-out method.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

Exhibit D
Page 2

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Taxes

The Organization is exempt from federal income taxes under 501(c)(3) of the U.S. Internal Revenue Code and comparable State laws and contributions to it are tax deductible within the limitations prescribed by the Code. It has been classified as a publicly supported organization described in sections 509(a)(1) and 170(b)(1)(A)(vi).

Interest Expense

There was no interest capitalized or expensed during the current or prior year.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of managements estimates.

Donated Services

A large number of people have contributed significant amounts of time to the activities of the Organization without compensation. The financial statements do not reflect the value of those contributed services as there is no objective basis available by which to measure the value of such services. As stated in the Independent Auditors' Report, the Organization has elected not to adopt the provision of Statement of Financial Accounting Standards No. ASC 958-605-25-16, formerly FASB 116, requiring the recognition of these services.

Management Fees-Related Party

For the years ended December 31, 2012 and 2011, the Organization paid the Illinois College of Emergency Physicians (ICEP) \$358,800 and \$345,000, respectively, in management fees for managing the Organization.

Royalties-related Party

For the years ended December 31, 2012 and 2011, the Organization paid John Campbell, a board of directors member, \$17,828 and \$17,237, respectively, in book royalties.

NOTE 2 - ACCOUNTS RECEIVABLE

Aging Schedule:

0 - 30 days	\$ 19,192
31 - 60 days	1,015
61 - 90 days	-0-
91 - 180 days	40,359
181 - 365 days	341
over 365 days	<u>17,556</u>

\$ 78,463

INTERNATIONAL TRAUMA LIFE SUPPORT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

NOTE 2 - ACCOUNTS RECEIVABLE (continued)

Receivables from the sale of course materials and novelties are recognized at the time of sale while receivables from program fees are recognized when received. Receivables are written off when deemed uncollectible. No receivables are pledged as collateral.

NOTE 3 - INVESTMENTS

The Organization values its short-term, multi-market investments using the market values of the investments. Cost of investments and unrealized depreciation for the years ended December 31, 2012 and 2011 consisted of the following:

	2012	2011
Cost of investments	\$ 129,320	\$ 129,211
Less unrealized gain (loss) from market value fluctuation	-0-	-0-
	\$ 129,320	\$ 129,211

The following schedule summarizes the investment return and its classification in the statement of activities for the years ended 2012 and 2011.

	2012	2011
Investment income	\$ 189	\$ 157
Unrealized gain (loss) from market value fluctuation	-0-	-0-
	\$ 189	\$ 157

NOTE 4 - ACCOUNTS PAYABLE AND ACCRUED EXPENSES

Aging Schedule:

0 - 30 days	\$ 64,438
31 - 60 days	16,912
61 - 90 days	246
Over 90 days	3,130
	\$ 84,726

NOTE 5 - CONCENTRATION OF CREDIT RISK

The Organization maintains its checking accounts at U.S. Bank and Elgin State Bank. During the year, balances in the account may exceed the Federally insured limit of \$250,000. At December 31, 2012 the bank balances were \$8,151 and \$155,772, respectively, meaning that all of the bank balances are insured.

INTERNATIONAL TRAUMA LIFE SUPPORT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

NOTE 6 - FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used to estimate the fair value of each class of financial instruments:

Cash and cash equivalents - Fair value approximates carrying value due to ease of liquidity of the cash.

Short-term investments - Fair value approximates carrying value due to the ease of liquidity of the money funds.

The estimated fair values of the Organization's financial instruments at December 31, 2012 are as follows:

	<u>Carrying Value</u>	<u>Fair Value</u>
Financial Assets:		
Cash and cash equivalents	\$ 137,597	\$ 137,597
Short-term investments	129,320	129,320

NOTE 7 - GRANTS

During 2008, the Organization received a grant of \$247,000 from the Illinois Department of Public Health to be used for the production of pediatric trauma training educational materials. The grant period was to be from June 1, 2008 to June 30, 2008, but since the grant was executed so late in June, the Organization was given an unlimited time to spend the grant. The Organization received all of the funds in 2008, but only expended \$36,430 in 2008, \$157,221 in 2009, \$40,374 in 2010, \$3,347 in 2011 and \$1,363 in 2012, therefore, the unspent funds of \$8,265 is part of the advance on grant amount reported on Exhibit A.

NOTE 8 - COMMITMENTS

The Organization signed a new five year management agreement with Illinois College of Emergency Physicians (ICEP) that began in 2011 for \$345,000. The Organization must then pay ICEP a four percent increase each year thereafter. The management fees for 2013 through 2015 are \$373,152, \$388,078 and \$403,601.

NOTE 9 - SUBSEQUENT EVENTS

There were no subsequent events that must be reported on. Subsequent events were evaluated through October 28, 2013, the financial statement issuance date.

**International Trauma Life Support
Board of Directors Candidate – 2013**

Amy K. Boise, NREMT-P, FP-C

ITLS Chapter: Arizona

Street Address: P.O. Box 26946

City, State, Zip/Postal Code: Phoenix, AZ 85068

Email: cep918@gmail.com

Preferred Phone: 602-369-6271

Occupation: Flight Paramedic; Coordinator for University of Arizona, College of Nursing

(1) Describe prior involvement with ITLS Chapter(s) or Training Centre:

Instructor, Chapter Coordinator, currently serving Board of Directors; Chapter Support Committee Chair. AZ ITLS Advisory Board.

(2) On what other Boards have you served? BOD Wizard Education,

Governors Council on Head and Spine Trauma. Safe SPASH BOD

(3) What volunteer or leadership activities have you been involved with?

Peacework Medical Missions; Safe Splash BOD, Treasurer;

American Heart Association Regional Faculty for ACLS,

NAEMT State Coordinator for AMLS

(4) Describe your prior involvement with ITLS (committees, teaching etc):

Currently: Chapter Support Committee Chair, Conference Planning member; Global Development member; I have done site visits in India and the Philippines. Previously served on the Nominating Committee; Finance Committee.

(5) Can you regularly attend Board meetings? Yes

Conflicts? None

(6) How many hours per month, in addition to Board meetings, could you contribute?

As needed. I have only missed 1.5 meetings in the 6 years I have served.

(7) Why are you interested in serving on the ITLS Board?

I want to continue the promotion of ITLS worldwide, while maintaining organizational sustainability. I want to continue to represent the pre hospital providers, the course instructors and coordinators.

(8) What is your understanding of the mission of ITLS ?

To improve trauma care worldwide through education.

(9) What would you hope to accomplish as a member of the ITLS Board?

I will continue to look at every topic through the eyes of a paramedic. I will help lead the organization into a sustainable future by always considering how our actions will affect the persons taking our courses and coordinating or teaching them. I believe we have a strong board and we are utilizing a diverse mixture of personalities and experiences to guide the organization. I will continue to do my best and work hard for the organization.

International Trauma Life Support Board of Directors Candidate – 2013

Tony Connelly, EMT-P, BHSc, PGCEd.

ITLS Chapter: Alberta

Street Address: 10985 124 St.

City, State, Zip/Postal Code: Edmonton Alberta T5M 0H9

Email: anthony.connelly59gmail.com

Business Phone: 780-733-3675

Occupation: Director, Resuscitation Education and Operations

(1) Describe prior involvement with ITLS Chapter(s):

I currently serve on the Board of Directors for ITLS. I was responsible for setting up the very first Chapter in England. I have been involved in the provision of ITLS courses since 1995. I was the Chapter coordinator of the Northern and Yorkshire Chapter in England. In that role I was always actively involved in introducing ITLS throughout England and some parts of Europe. I now currently serve as the chapter coordinator for the Alberta Chapter.

(2) On what other Boards have you served?

I have served on a number of Boards which include:

- Paramedic Advisory committee for a Tees East & North Yorkshire ambulance service in the UK
- Cleveland Ambulance Paramedic steering committee

- Resuscitation Committee for North Tees and Hartlepool NHS Trust
- Resuscitation council UK Regional representative
- Institute of Health Care and Development Paramedic Accreditation panel member
- Health Care Professions National Paramedic register for the UK as accreditation visitor for Paramedic programs
- Co Chair of the National Advisory Resuscitation coordinators group
- Resuscitation Committee member for Heart & Stroke Foundation of Alberta North West Territories and Nunavut
- Board member Citizen CPR Foundation

(3) What volunteer or leadership activities have you been involved with?

My current role involves providing National leadership and direction on Heart & Stroke Foundation Resuscitation courses in Canada. I have volunteered to chair a number of national working groups on behalf of the Heart and Stroke Foundation of Canada. In my role as Chapter coordinator I provide advice on all ITLS related issues within Alberta.

(4) Describe your prior involvement with ITLS (committees, teaching etc):

I have had the pleasure of serving on the Board of Directors for 9 years. I am currently the Member-at-Large. During my time I have been involved in the following activities and groups:

Global Development Committee

I have chaired the which is a very energetic and highly motivated group. This committee has been actively involved in promoting the growth and development of ITLS around the world by the implementation of ITLS training centres and providing guidance and advice to organizations wanting to establish them selves as a chapter.

Chapter Support Committee

I serve as a committee member it is vitally important that this group ensures that our existing Chapters and training centres are advised of policy change and new innovations.

This committee also acts as a focal point for chapters to share good practice in the provision of ITLS educational courses.

Future Force 1

I have had the honour of chairing this group which was focused on the marketing and Branding and resulted in the name change to ITLS.

Future Force 2

I chaired this group. Its aim was to actively analyzing our organisation and ensure that ITLS is strategically positioned to be able to continue to provide the best possible trauma education and prevention well into the future.

Future Force for Education

I am currently chairing this group the aim is to review and make recommendations on the way we deliver our materials; the group is made up of experienced educators who have a wealth of knowledge in the best educational methodology and delivery. The group will be making recommendations to the board on to ensure that the educator has the tools to create the best possible student and tutor experience

Finance Committee

I have chaired this committee and currently serve as a member on this committee. The committee is so essential in ensuring that the organisation has the funds to continue to produce the very best trauma training programs in the world.

(5) Can you regularly attend Board meetings? Yes

Conflicts? None

(6) How many hours per month, in addition to Board meetings, could you contribute?

Essentially I am prepared to put in the required hours to be able to complete my Board duties and projects. I believe I have demonstrated this over the past nine years

(7) Why are you interested in serving on the ITLS Board ?

I am an experienced paramedic with 25 years service; throughout that time everything I do is in the best interests of my patients. I promoted ITLS back in 1995 within my own organisation because I could see from the comments from EMS personnel I trained that the philosophy worked. For the first time we had agencies working together doing the same thing at scenes of trauma incidents. Over the past nine years of involvement with ITLS I have been passionate about ensuring that ITLS continues to provide the best possible content, educational tools and materials. I am excited by the developments we are creating. I have no doubt in my mind that ITLS creates a positive learning environment. Which will in turn ensure that all practitioners have the confidence and most up to date knowledge and skills to save lives. I have the passion the motivation to serve on the Board and to continue to drive us forward to become the best of the rest.

8) What is your understanding of the mission of ITLS ?

Any mission statement must promote the values and the culture of all pre hospital care providers. Everyone involved in ITLS has one mission to provide the best possible patient care. Everyone who is involved with ITLS wants to be able to help by ensuring we equip our students with the confidence, Knowledge and skills in trauma care. People involved in patient care are highly motivated and embrace actively any education or preventative measures which will help them to save lives. I believe the mission statement reflects this passion for patient care.

(9) What would you hope to accomplish as a member of the ITLS Board?

I want to continue to finish the work I have started in Future Force for Education. This work is foundation of what we are an educational program provider. We have the best brains on trauma management in the world on our editorial board. We have to ensure that we provide our educators with the right materials to deliver the content to ensure our students have the best possible patient care skills.

Board of Directors Candidate – 2013**

Gianluca Ghiselli, MD

ITLS Chapter: Italy

Street Address: Strada del Meisino 43

City, State, Zip/Postal Code: Torino, Italy, 10132

Email: ghiselli.gianluca@gmail.com

Preferred Phone: +3479070364

Occupation: Emergency Room Medical Director, as Trauma Surgeon

(1) Describe prior involvement with ITLS Chapter(s) or Training Centre:

I have served the Italian Chapter since 1995 as instructor and after as Chapter Medical Director. Since 2009 I have served the ITLS Board of Directors. In the last two years I have been in charge as Co-chair for ITLS Global Development Committee.

(2) On what other Boards have you served?

- International Academy of Emergency Medical Dispatch, Salt Lake City Utah
- Italian Association of Emergency Physician, Board of Directors Piemonte Chapter
- Italian 118 (like 911) national Board up to 2008.

(3) What volunteer or leadership activities have you been involved with?

I have served the Italian Civilian Protection as Medical Director for Mass Casualty in Piemonte region (4,500,000 people).

In the year 1999 I was nominated Medical Director for the Piemonte refugee camp in Albania during Kosovo war.

In the year 2007-2008 I worked with the Italian Ministry of Health, International Dept., to re design emergency medical services in Armenia.

Between 2006-2008, I worked with the Italian Ministry of Health, International Dept, in European Community project in Bulgaria to redefine emergency room and ambulance services roles, training, policies and procedures.

For WHO in 2008 I made a survey about emergency medical care (in and pre hospital) in Kosovo.

(4) Describe your prior involvement with ITLS (committees, teaching etc):

I have been an ITLS (really BTLS) provider since 1995 and instructor since 1996. In the 1996 summer I completed the Italian Chapter Policies and Procedures Manual.

In the year 2009 with the Italian Chapter we organized the first ITLS European conference in Florence and one year after, 2010, the second edition in Pisa.

I conducted site visit for Portugal new Chapter. I am Co-chair for Global Development committee. Since 2010 I introduced the Pre hospital Ultrasound concept in the ITLS Board of Directors, with a dedicated presentation in 2011 Conference. In 2012 in Orlando Conference I have conducted as medical director, the first ITLS Pre hospital Ultrasound course, and this year we do the same in Vancouver.

(5) Can you regularly attend Board meetings?

Despite the long way to attend I missed one meeting in 3 years.

Conflicts? None.

(6) How many hours per month, in addition to Board meetings, could you contribute?

I can contribute with 8-10 hours a month to ITLS, excluding travel time and site visit.

(7) Why are you interested in serving on the ITLS Board?

The primary reason is that I wish to continue in the Board to contribute to our mission to preventing death and disability from trauma through education. I strongly believe that new technology implementation may be of great assistance for pre hospital trauma teams in saving life, that's why I believe in Ultrasound course and teaching.

(8) What is your understanding of the mission of ITLS?

Our mission as a global organization dedicated to prevent death and disability from trauma through education and emergency trauma care, is a day by day work, in our ambulance services, in the E.R. and mostly on the patients. Our mission is to maintain the best and highest educational standards all over the world, following the most advanced evidenced based scientific guidelines. ITLS is a global organization and this means also full respect of local or national cultural differences.

(9) What would you hope to accomplish as a member of the ITLS Board?

Share my experience in trauma education and treatment with new ITLS provider, Chapters, all the members of this family. Promote and spread ITLS language in new countries. Develop new ideas for ITLS' educational process and real field application that could be applicable all over the world.

**International Trauma Life Support
Board of Directors Candidate – 2013**

John S. Holloway, Sr., MBA, FF/NREMT-P

ITLS Chapter: Tennessee

Street Address: 150 Scenic Valley Loop

City, State, Zip/Postal Code: Maumelle AR 72113-7068

Email: jhollo6843@bellsouth.net

Preferred Phone: 901-734-0242

Occupation: Executive Director/Chapter Coordinator, ITLS TN INC
President and CEO, Benchmark Medical Services, LLC

(1) Describe prior involvement with ITLS Chapter(s) or Training Centre:

Have faithfully served and dedicated to the ITLS mission and vision for over 18 years

ITLS Instructor 1995 - present

ITLS TN INC Regional Director 1999 – 2010

ITLS TN INC Treasurer 2007 – 2010

ITLS TN INC Executive Director/Chapter Coordinator 2010 – present

(2) On what other Boards have you served?

TN EMS Education Association – 7 years

Treasurer and Conference Co Chair 2001 – 2004

President Elect and Conference Chair 2003-2004

President and Conference Chair 2004 – 2006

Immediate President 2006 - 2008

(3) What volunteer or leadership activities have you been involved with?

I remain actively involved in several aspects of out of hospital emergency preparedness, response and mitigation. From Community Emergency Response Team training to disaster/emergency survival in schools, community centers, churches, large-scale event venues such as The Dollywood Corporation theme park, and other civic organizations, to child care programs.

(4) Describe your prior involvement with ITLS (committees, teaching etc):

I have been teaching ITLS Courses since 1993 and Coordinating/teaching ITLS Courses since 1995.

ITLS International Committees on which I serve or have served include:

Chapter Support Committee 2009 - present

Conference Planning Committee 2010 - present

Finance Committee 2011 - 2012

(5) Can you regularly attend Board meetings? Yes

Conflicts? There are no perceived conflicts.

(6) How many hours per month, in addition to Board meetings, could you contribute?

In addition to Board Meetings, I can dedicate as many hours as may be needed to fulfill the duties and expectations of an ITLS Board team member.

(7) Why are you interested in serving on the ITLS Board?

First, as a Paramedic/Fire Fighter working full-time in both rural and urban environments on primary 911 response ambulances for initial response and

transport, as well as, paramedic fire companies for primary response, I have first-hand experience of applying the core principles of the ITLS programs.

Secondly, the additional experience as an EMS Educator/Program Director, ITLS Instructor, and ITLS Course Coordinator provides a greater insight in not just applying the ITLS principles but also the importance of ensuring the students have the best materials to achieve optimal performance in the classroom and mostly for the real world challenges after course completion.

Lastly, organizational leadership always when the stakeholders are adequately reflected in the leadership composite. I have been afforded the opportunity and time to serve the ITLS Community as a frontline stakeholder and board member. This is an opportunity to help move ITLS to the next level in Trauma Education and Care.

(8) What is your understanding of the mission of ITLS?

My understanding of the mission of ITLS is to reduce out of hospital death and disability primarily through establishing itself as the leader, the trend setter, or the golden standard for out of hospital trauma care through a flexible yet optimally inspired educational experience.

(9) What would you hope to accomplish as a member of the ITLS Board?

A goal as an ITLS Board member would first to be a productive member, supporting the mission of ITLS, while focusing on our organizational primary mission, vision, goals, and objectives.

A firm belief is that if given a solid opportunity, the students, instructors, course coordinators, and chapter coordinators would provide original, creative, and imaginative ideas to help position this great organization for sustained development and growth.

I will work to grow internationally reaching new opportunities help chapters begin a new charter successfully and maintain a healthy viability, and streamline operations to be more efficient in today's global marketplace.

JOHN S. HOLLOWAY, SR.

Education:

Master of Business Administration, Columbia Southern University, Orange Beach, AL	2001
