The International Trauma Conference is an event participants look forward to each year, for its many opportunities to learn, network, and share ITLS' continued vision for the future. The 2013 conference delivers all this and more.

Educational Materials

This Pocket Schedule provides you with an overview of everything you need to know while attending the conference. This year, ITLS has created a conference web portal online at ITRAUMA.org/2013conf. You'll find session handouts, links to the program evaluations, and much more. Make sure to bring your tablet, smartphone or laptop and take advantage of free WiFi in the meeting space to access all of these great resources throughout the conference.

On behalf of the ITLS Board, Conference Planning Committee and staff, we hope you enjoy the educational sessions and opportunities for networking with ITLS representatives from around the globe.

Log on to ITRAUMA.org/2013conf for links to the Session Evaluation and Overall Evaluation forms.

Overall Evaluation & CE Attestation

You must complete this evaluation in order to request and receive your continuing education certificate. Please complete by **November 30, 2013**. Certificates will be emailed within 6 weeks of the conference.

Note that if you are using your mobile device to complete the evaluations and are not connected to WiFi, data charges may apply. All participants are advised to check with their wireless carrier for information about data charges, roaming charges, and mobile device usage while in Canada.

Continuing Education Credit Requirements

ITLS is required to collect documentation related to participation in continuing education activities. **Attendees seeking CNE or CECBEMS credit must have the room monitor sign the Continuing Education Verification Form for each session attended.** Please refer to the form (bright blue) in your participant materials for additional information. This form should be submitted to ITLS staff at the end of the conference. It will be used in conjunction with your online Overall Evaluation & CE Attestation to issue your certificate.
