Having the honor of being a family member of ITLS International and the former BTLS era since 1984 I have witnessed and participated globally in the best trauma education in the world.

Taking part of this family for past years has been a privilege. One that I highly value and will not forget. I am so grateful to my past mentors, Dr. Campbell, Ginny, Donna, Roy, Tony and so many others for guiding my path and their nod for me to step up and serve. Hopefully, I will have many more years left to continue my service to ITLS and perhaps on the board. I feel in the last 36 years I have gained ITLS insight, wisdom and determination that would make my mentors proud, I would like to begin to share this wisdom as a member of the board.
