**Hilton Tampa Downtown
Tampa, Florida, USA**

This activity has been approved for AMA PRA Category 1 Credits™

INTERNATIONAL TRAUMA conference

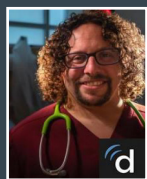

HILTON TAMPA DOWNTOWN

NOVEMBER 2-4, 2022

Join us in November for the world's premier trauma conference attracting EMS and trauma care professionals from around the globe. Catch up with old friends and make new connections at a program that celebrates the diversity of trauma worldwide.

CONFERENCE SPEAKERS:

Benjamin N. Abo, DO, EMT-P, FAWM

Assistant Professor of EMS/Emergency Medicine, Florida State University College of Medicine, Medical Director, Multiple Fire Rescue Departments, CMO, The Rescue Company 1, Naples, Florida, USA

Chris J. Hartman, MD, FACEP

Attending Emergency Physician, Franciscan St. Francis Health, Indianapolis, Indiana, USA

Commander Richard N. Bradley, MD, FACEP, EMT-P

147th Medical Group, Texas Air National Guard, Professor of Emergency Medicine (Retired), McGovern Medical School, Board of Directors, International Trauma Life Support, Houston, Texas, USA

Lou Ann Metz, OFE, REMT-P

Chief, Bainbridge Township Fire Department, Chagrin Falls, Ohio, USA

Keith Conover, MD, FACEP, FASRC

Clinical Associate Professor, Department of Emergency Medicine, University of Pittsburgh School of Medicine, Carnegie, Pennsylvania, USA

David G. Nelson, MD, FAAP, FAAEM

Associate Professor of Surgery, Division of Pediatric Emergency Medicine, Larner College of Medicine, University of Vermont, Burlington, Vermont, USA

Scott DeBoer, RN, MSN, CPEN, CEN, CCRN, CFRN, EMT-P

Founder, Pedi-Ed-Trics Emergency Medical Solutions, Reunion, Florida, USA

Teresa Riech, MD, MPH, FACEP, FAAP, USAF LtCol (Retired)

Clinical Assistant Professor, Attending Physician, Department of Emergency Medicine and Pediatrics, Medical Director, Department of Pediatric Emergency Medicine, Peoria, Illinois, USA

Shaun Fix, PMD, NRP

President, Emergency Medical Consultants, South Florida, EMS Captain (Retired) Boca Raton Fire Rescue, Port Saint Lucie, Florida, USA

Major (Sep) Omar Rokayak, DO, FACS

Clinical Instructor of Surgery, Division of Trauma and Acute Care Surgery, University of Alabama, Birmingham, Alabama, USA

Mary Hancock, MD, FACEP

Medical Director, Ohio International Trauma Life Support, Elyria, Ohio, USA

Matthew D. Sztajnkrzyer, MD, PhD, FACEP

Editorial Board, International Trauma Life Support, Professor of Emergency Medicine, Mayo Clinic, Rochester, Minnesota, USA

Education Program

THURSDAY, NOVEMBER 3RD

7:00 am - 8:00 am

Continental Breakfast & Visit the Exhibits

8:00 am - 10:15 am

ITLS Leaders Forum, Business Meeting & Awards

ITLS Board Members Aaron Jeanette and Jeff Gilliard will present ITLS on a Shoe String. This session will provide the opportunity for chapter and training centre leaders to share best practices about conducting their ITLS courses on a small budget. Participants will be able to identify opportunities and ways to improve ITLS course instruction.

This session will also include the annual ITLS Business Meeting with highlights of the year, the announcement of the 2022 Board of Directors election results, voting on bylaw amendments and the conferring of ITLS' annual awards.

10:15 am - 10:30 am

Break & Visit the Exhibits

10:30 am - 10:40 am

Welcome & Introduction

10:40 am - 11:40 am

'PATIENTS: *'Some Are Red. And Some Are Blue. Some Are Old. And Some Are New. Some Are Sad. And Some Are Glad. And Some Are Very, Very Bad'* – And Other Lessons From Thirty Years In Emergency Medicine.'

Chris J. Hartman, MD, FACEP

Prehospital emergency medicine is challenging. There are obstacles to overcome. Administrator actions to despise. Patients who spit. Your own back that hurts. Bacteria, bugs, blood, and guts. Self-abusers and little sleep. What will make you happy and content all the while caring for those challenging critically ill and injured?

11:40 am - 11:50 am

Research Forum #1

11:50 am - 12:50 pm

Trauma Care in Austere Environments

Keith Conover, MD, FACEP, FASRC

Trauma care in austere environments, such as wilderness, tactical or disaster settings, requires context-sensitive adaptations of standard trauma care. This is due to constraints of time, distance, equipment, terrain and weather; we will discuss when and how to make these adaptations with examples, considering risks and benefits.

12:50 pm - 2:30 pm

Lunch & Visit the Exhibits

2:30 pm - 3:30 pm

Recognizing Scene Violence – Stayin' Alive

Shaun Fix, PMD, NRP

This session focuses on safety in terms of understanding potentially violent scenes and patients, prescreening for violence, preventing violence, and safe areas of the scene for medical personnel. An interesting array of common and "not so common" weapons will be reviewed. Participants will be learning universal precautions for safety.

3:30 pm - 3:40 pm

Research Forum #2

3:40 pm - 4:00 pm

Break & Visit the Exhibits

4:00 pm - 4:45 pm

A Not-So-Clean Kill: RSI and the Physiologically Difficult Airway

Matthew D. Sztajnkrycer, MD, PhD, FACEP

Rapid sequence endotracheal intubation is commonly performed on critically ill patients, including those with complex deranged physiology. More than two decades of literature suggest that intubation may be harmful, and potentially lethal, in patients with severe trauma and hemodynamic compromise. The purpose of this talk is to discuss the indications for endotracheal intubation from an anatomic standpoint, and to review the identification and management of the physiologically difficult airway, in order to prevent a not-so-clean kill.

4:45 pm - 5:45 pm

Trauma Tales and Jeopardy Jewels

Scott DeBoer, RN, MSN, CPEN, CEN, CCRN, CFRN, EMT-P

Education will never be the same, nor will your expectations of how educational offerings are provided for healthcare professionals. From classrooms to computers, from projects to presentations, simply standing behind a podium is no longer an option. In this highly interactive game show format, you'll come away asking, "Does CE stand for Continuing Education or Constantly Entertained!" Scott has combined both of these concepts into a fast-paced learning experience. While "playing Jeopardy," this presentation will review and reinforce the assessment skills, clinical findings, and management priorities for successfully handling a wide variety of common and not so common pediatric and adult traumatic emergencies. Do you know the questions to these answers? Come play and find out!

5:45 pm - 7:30 pm

Reception and Exhibits

FRIDAY, NOVEMBER 4TH

7:00 am - 8:00 am

Continental Breakfast & Visit the Exhibits

8:00 am - 9:00 am

Hole-Y Crap

Mary Hancock, MD, FACEP

The world has seen an alarming increase in violence, mass shootings and warfare. Dr. Hancock will discuss general approaches to penetrating trauma addressing specific concerns due to the nature of the injuries and reviewing case studies during this presentation.

9:00 am - 9:10 am

Research Forum #3

9:10 am - 9:30 am

Break & Visit the Exhibits

9:30 am - 10:30 am

Reality Check: Virtual Reality Training in the Post-COVID Era

Teresa Riech, MD, MPH, FACEP, FAAP, USAF LtCol (Retired)

In this session, we will explore ways to integrate VR/AR/MR into medical training to better meet the needs of our digital native learners. We will explore the benefits and limitations of immersive training and discuss types of educational topics that lend themselves well to immersive training. We will explore the limitations of traditional teaching methods such as didactic lectures, skills stations, and bedside teaching or on-the-job experience, and discover ways to overcome these limitations with immersive digital training.

10:30 am - 11:00 am

Break & Visit the Exhibits

11:00 am - 12:00 pm

Tattoos, Tongues, Teens & Trauma: Emergency Implications of Body Piercing/Tattooing

Scott DeBoer, RN, MSN, CPEN, CEN, CCRN, CFRN, EMT-P

It's happening more and more. Though body modifications have been practiced for thousands of years, seemingly only recently has it become an "epidemic," especially among teens & young adults. This presentation, given by an ER/transport nurse educator who is also a former medical consultant for the Association of Professional Piercers, will review "what we really want to know" regarding body modification & implications for emergency care.

12:00 pm - 12:10 pm

Research Forum #4

12:10 pm - 1:30 pm

Lunch (On Own) & Visit the Exhibits

(Exhibits close at 1:30 pm)

Conference Registration **both** days will begin at 7:00 am and will remain open until the last session.

**Full agenda
available
online!**

Head over to
itrauma.org/conference
for all the information
you need on the
conference including
hotel reservations and
so much more!

The Conference will be following all COVID-19 safety guidelines as directed by the U.S. Centers for Disease Control and Prevention (CDC) and all local/national protocols.

Learning Objectives:

After the conference sessions, participants will have increased knowledge of best practices based on current literature applying the clinical, practical and educational review points of each attended session, allowing change in practice by integrating trauma's latest innovative strategies in emergent care arenas for their health systems and community

1:30 pm - 2:30 pm

The Pediatric Brain: Bleeds and Occlusions

David G. Nelson, MD, FAAP, FAAEM

Using cases we will discuss the unique circumstances seen in children with bleeds and occlusions seen 2nd to trauma, masses and strokes.

2:30 pm - 3:30 pm

SurfSide Collapse: A Month Remembered

Benjamin Abo, DO, EMT-P, FAWM

June 24, 2021 at 1:25 am, extremely quickly the call went from a low hazard partial wall collapse/waterflow alarm of a garage to an international incident that was the 3rd largest single building disaster in US history. You will hear first-hand from Miami-Dade Fire Rescue's FLTF-1 USAR physician, Dr. Benjamin Abo, trials and tribulations from that unfortunate event. Within hours, Dr. Abo was on scene with the fire department and USAR and tech rescue teams throughout the month-long deployment for rescue and recovery. From crush injuries to burns to searches to thunder and lightning to tornado and hurricane watches to hazardous materials and K9 care and beyond... There are so many lessons to be learned.

3:30 pm - 3:45 pm

Break

3:45 pm - 4:45 pm

Whole Blood vs. Components: Past, Present, & Future

Commander Richard N. Bradley, MD, FACEP, EMT-P

Major (Sep) Omar Rokayak, DO, FACS

This presentation will discuss the history and future of Trauma Transfusion Protocols.

4:45 pm - 5:45 pm

Ethics and Professionalism in 2022

Lou Ann Metz, OFE, REMT-P

Ethics and Professionalism are core values in medicine. How has changing cultural norms changed these core values, or have they? This program will look at how we view ethics and professionalism in today's world.

5:45 pm - 5:50 pm

Closing Session & Adjourn

Registration Desk Open

Wednesday, November 2 | 8:00 am - 1:00 pm

Thursday, November 3 | 7:00 am - 5:00 pm

Friday, November 4 | 7:00 am - 4:30 pm

Continuing Education

This activity has been planned and implemented in accordance with the accreditation requirements & policies of the Accreditation Council for Continuing Medical Education through the joint providership of the Emergency Medicine Learning and Resource Center and International Trauma Life Support (ITLS). The Emergency Medicine Learning and Resource Center (EMLRC) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

EMLRC designates this live activity for a maximum of 20.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Emergency Medicine Learning and Resource Center is approved as a provider of nursing education by the Florida Board of Nursing, Provider #2731. Up to 20.0 nursing contact hours will be provided by the EMLRC.

This continuing education activity is approved by CAPCE for a maximum of 20.0 continuing education hours.

**SAVE *NOW* BY
REGISTERING
BEFORE
OCTOBER 1, 2022**

There will be a price increase after October 1, 2022. Head over to itrauma.org/conference to register and save!

JOIN US ON WEDNESDAY, NOVEMBER 2 FOR THE PRE-CONFERENCE WORKSHOP

8:30 am - 5:00 pm

Emergency Airway Management – A Skills Approach Workshop

Shaun Fix, PMD, NRP

Many trauma deaths are related to the inability to control the airway. Prevention of hypoxia requires both maintaining the airway and providing adequate tidal volumes. This skill intensive program will review both basic and advanced methods for securing the airway and maintaining adequate ventilations. This program is designed for those familiar with standard procedures and will progress to more complex situations such as trauma, unique anatomy, cricothyrotomy, and pharmacological assisted tubes. A hands-on review of many airway devices makes this program both exciting and educational.

Cost: **\$199** - With 2-day conference
 \$229 - Workshop only

8:30 am - 12:30 pm

ITLS High Threat Instructor Development

Matthew D. Sztajnkrzyer, MD, PhD, FACEP

The newly released ITLS High Threat for Military and Civilian Providers course has been designed to meet military Committee on Tactical Combat Casualty Care (CoTCCC) and civilian Committee on Tactical Emergency Casualty Care (C-TECC) provider guidelines and curriculum. Using adult learning principles, scenarios, skill stations and peer-focused learning, the ITLS High Threat for Military and Civilian Providers course provides the necessary training for the provision of life-saving care in the high-threat environment. The ITLS High Threat Instructor Development Course will review in a step-by-step manner the contents of the ITLS High Threat for Military and Civilian Providers curriculum, including slide decks, clinical vignettes, trauma lanes, and examination process. By providing background information and insight into course design, the Instructor Development Course will provide future instructors with the necessary information to successfully teach this new course. The Instructor Development Course fulfills one of the requirements for Lead Instructor certification.

Eligibility: Be among the first to qualify to teach the new ITLS High Threat course by attending the instructor development preconference course. Each High Threat course must have a Lead Instructor who is an ITLS instructor, or current TCCC-TECC instructor certification + SME experience. Other course instructors must have ITLS instructor certification and successful completion of the ITLS High Threat instructor course.

SME experience is defined as a minimum of 12 months real world operational medical experience within the past 5 years attached to a team operating in a high-threat environment. Documentation of SME experience must accompany the course registration form to be verified by ITLS. High Threat instructor card will be awarded to those instructors that qualify and successfully complete the workshop.

The course will be open to others who are interested in High Threat but do not plan to become instructors on a space available basis.

Cost: **\$49** - With 2-day conference
 \$79 - Workshop only

CONFERENCE HOTEL

Hilton Tampa Downtown

211 N Tampa Street, Tampa, Florida, USA, 33602

Reservations: <https://www.itrauma.org/tampa/>

Toll Free Number: 888-225-9664 or 813-204-3000

The Hilton Tampa Downtown is located in downtown Tampa, two blocks from the Riverwalk. The rooftop pool boasts views of the surrounding area, a sundeck, and whirlpool, and also a 24-hour fitness center, restaurant, bar, and on-site Starbucks. The conference room rate is \$149 based on availability for either 2 double beds or 1 king bed. The group code is "ITC1" or can be found by clicking the link above or calling the hotel directly. The discount code is good for any day of stay between November 1st and 5th and **MUST be booked no later than Friday, October 7, 2022.**

Blue One Transportation

From Tampa International Airport to Hilton Tampa Downtown

Reservations can be made by:

- Phone - 813-927-3602
- Email – randy@myblue1.com

Costs: 1-2 passengers are \$30.00. Each additional is \$15 per person

Available: 5:00 am til midnight – 7 days a week

Taxi

\$25.00 one-way

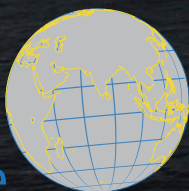

Ride Share

Rates vary depending on high volume - range from \$15 to \$30 (high volume)

Special Events

ITLS Leaders Forum, Business Session & Awards **Thursday, November 3, 2022 8:00 am - 10:15 am**

Credentialing will be open from 7:00 am - 8:15 am on Thursday. Delegates must be credentialed before entry into the business session.

Refer to page 4 for more information.

Reception **Thursday, November 3, 2022 5:45 pm - 7:30 pm**

Catch up with old friends and make new connections during the International Trauma Conference. The Exhibit Hall will open and light appetizers will be served.

Guests can attend for a fee of \$25 and must adhere to the Conference COVID policy. Guest registration can be confirmed by contacting Tammy at tammys@itrauma.org.

A cash bar will be available. Don't miss it!

Research Forum **Thursday, November 3 &** **Friday, November 4, 2022 - Intermittent**

The Research Forum presents thought-provoking original research, scheduled intermittently throughout the 2-day conference. Selected abstracts will be presented as ePosters, developed as a 10-minute PowerPoint presentation of research highlights followed by a brief Q&A session. An Excellence in Research award will be presented to the top investigator.

Tampa is known for being a great city for all ages and tastes, outdoor adventure seekers, and foodies and wine connoisseurs. Once known as a melting pot for all cultures and settlers, Tampa remains a welcoming place for those seeking fun, opportunity and a chance to try new things.

REGISTRATIONS:

[Itrauma.org/conference](http://itrauma.org/conference)

Two Day Registration Includes:

- Entry to all conference sessions and events on November 3-4
- Entry to the exhibit hall
- Access to the conference mobile app with all educational session materials
- Continental breakfast, breaks and lunch on November 3 only
- Continental breakfast and breaks on November 4 only
- Reception for conference participants and guests. Guests can attend for a fee of \$25 and must adhere to the Conference COVID policy

One Day Registration Includes:

- Entry to all conference sessions and events on your specified day
- Entry to the exhibit hall on your specified day
- Access to the conference mobile app with all educational session materials
- Continental breakfast and breaks only

Pre-Conference Workshop Registrations are an additional cost,
refer to page 7 for more details

Discounts in 2022!

Armed Forces Personnel & Full-Time Students

Discounted rates for the full 2-day conference are available for all Armed Forces personnel (Active Duty and Active Reserve) and full-time students. Proof of status is required.

Who Should Attend:

Paramedics
Nurses

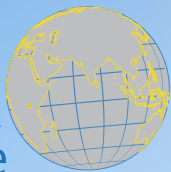

Trauma Surgeons
EMS Administrators
EMS Educators
