We've wrapped our brains around one robust solution for your business. Our Specialty? Software designed to evolve with the Healthcare and First Responder industries! With one login, you can easily manage all your company's needs with education, credential tracking, workforce scheduling, forms, checklists, QI tracking, communication tools, and more!

[Best EMS Scheduling Software | Learning Management System | Ninth Brain](#)

SAM MEDICAL (Silver Sponsor)

For close to 40 years, SAM Medical has developed innovative medical products that have been used in the military, EMS, industrial, sports, wilderness, law enforcement and bleeding control kits around the world. SAM's award-winning products were developed under the guidance and with input from an ex-Vietnam War field doctor and orthopedic surgeon, Sam Scheinberg, as well as other trauma surgeons and experienced Army Special Operations Medics. When chaos reigns, you need equipment engineered to function reliably in the harshest environments around the globe.

American College of Emergency Physicians (ACEP)

The American College of Emergency Physicians (ACEP) represents more than 40,000 emergency physicians. ACEP played a key role in the recognition and development of emergency medicine as a medical specialty and EMS as a subspecialty. ACEP strives to support physician EMS medical directors and disaster response through continuing education, public education, research, and policy development.

AstraZeneca

AstraZeneca is a global, science-led biopharmaceutical company that focuses on the discovery, development, and commercialization of prescription medicines in Oncology, Rare Diseases, and BioPharmaceuticals, including Cardiovascular, Renal & Metabolism, and Respiratory & Immunology. Based in Cambridge, UK, AstraZeneca operates in over 100 countries and its innovative medicines are used by millions of patients worldwide. For more information, please visit www.astrazeneca-us.com and follow us on Twitter [@AstraZenecaUS](https://twitter.com/AstraZenecaUS).

EMIT Corporation

EMIT Corporation designs, manufactures, and sells products for prevention and reversal of hypothermia. HypothermX® HX100 and LG are patented, FDA-cleared, CE-marked, fast, simple, portable, compact, light, fully disposable and long-term use IV Fluid and Blood Warming Devices. The devices utilize a flameless/spark-free hydrocarbon combustion process fueled with Isobutane/Propane for heating. Our systems are the only ones capable of delivering large volumes of warm blood to your patient quickly!

Pedi-Ed-Trics

Pedi-Ed-Trics took our most memorable courses and skills labs and turned them into exciting, hands-on pediatric training systems! Our "In Seconds" series offers educators tools that set up "in seconds" so students can immediately begin improving their peds emergency skills.

Tired of spending countless hours preparing for disaster drills... finding make-up artists, drama students, or lots of little kids and writing scenarios with hundreds of patient injuries and triage cards? Our newest innovative training system, "Disasters in Seconds," tackles triaging tiny traumas, and also provides a hands-on, immersive experience to prepare for the unthinkable terror of a real-life MCI.
