

Dear ITLS Delegates,

I have been involved in the ITLS organization (my global family) for over 30 years. I have held many roles in the organization including Vice speaker and currently Speaker. It is a pleasure to serve this organization. I hope to continue as Speaker and help the organization grow and thrive in providing the best trauma education in the most meaningful way. I fondly recall Dr John Campbell and his vision for this organization; I try to represent ITLS with his message in mind. I am still active as a provider, instructor, State Faculty and Delegate for ITLS.

Thank you,

Amy
