PROFESSIONAL SUMMARY

Pediatric emergency medicine and cardiology specialist with over 25 years of medical experience. Currently serving as ITLS Board of Directors Member since 2022, I have an extensive background in emergency medical services, medical education, and international trauma training. Proven leader in emergency medicine and trauma education with measurable success in growing the ITLS Chapter in Ukraine, training hundreds of EMS providers, and contributing to national and international guidelines development, emergency medicine and pediatrics training curricula, and clinical scenario design.

COMMITMENT TO ITLS MISSION

It is an honor to stand for re-election to the ITLS Board of Directors to continue advancing trauma care education globally, especially in resource-challenged and conflict-affected settings. As a current Board of Directors member seeking re-election, I bring proven leadership in trauma education, extensive international experience, and deep commitment to advancing ITLS's mission of improving trauma care worldwide. My dual expertise in pediatric emergency medicine and adult trauma care, combined with my role in developing Ukraine's trauma training infrastructure, uniquely positions me to contribute to ITLS's continued global growth and educational excellence.

My experience managing the ITLS chapter in Eastern Europe, coupled with my academic positions and international collaborations, demonstrates my ability to bridge clinical practice, education, and organizational leadership. I am committed to continuing my service to ITLS and furthering our shared goal of reducing trauma-related morbidity and mortality through superior education and training.
