## Privacy Policy

### Introduction

This Privacy Policy applies to the Community Brands’ hosted product platforms and websites owned and operated by Community Brands, including, but not limited to [www.communitybrands.com](http://www.communitybrands.com). Throughout this document, this website and all other Community Brands websites will be collectively referred to as the “Websites.” Services provided by or enabled via the Websites will be referred to as the “Services.”

At Community Brands (“CB”, “we”, “us”, “our”, or the “Company”), we are committed to protecting your privacy. This Privacy Policy (“Privacy Policy”) describes the types of information we collect about users of our Company websites, and users of websites hosted by the Company on behalf of our customers (“Customers”). This Privacy Policy is designed to help you understand how we collect, use, and safeguard the information you provide to us and to assist you in making informed decisions when using our Services.

Community Brands provides services through our platforms for the purpose of fulfilling our Customer agreements (Customer Agreements). Community Brands processes Customer data under the direction of its Customers and has no direct relationship, control, or ownership of the personal data it processes under the Customer Agreement. Customers are responsible for complying with any regulations or laws that require providing notice, disclosure, and/or having a legal basis prior to transferring the data to Community Brands for processing purposes. If you are a customer of a Community Brands Customer, you should review any additional privacy policy and terms of use agreements before using a Community Brands Customer’s website. Community Brands is not responsible for the content or privacy practices of non-Community Brands websites to which this website, or any other Community Brands website, may link.

### Community Brands Platforms

In addition to the Websites, Community Brands operates cloud-based software for its Customers - associations, nonprofits, and K-12 schools. The use of information collected through these platforms is strictly limited to the purpose of meeting our contractual obligations to our Customers and providing the services requested by our Customers, which are defined within our Customer

Agreements.
